A Message from the Executive Director

Dear members, partners, and supporters,

2021 was a year of maturation. We revised our constitution, formally anchored our international activities, and as host organisation for Tubman.Network, we carried out important intercultural work for migrants and diaspora communities in Berlin.

To the entire team of Tubman.Network in particular all staff, coordinators, and volunteers who accompanied people from the diaspora every day I extend my deepest respect and sincere thanks. You showed that lived solidarity is not a concept, but a practice.

Special thanks also go to our members and donors who continued to support Bantu e.V. through this year of structural development. The revision of our constitution in June 2021 was a milestone: we broadened our legal framework to enable international work in the future.

With warm gratitude and undiminished resolve
