- Spending statement corrected: about 84% of *expenditure* (not of income received) went to project work and project management.
- Total income (EUR 10,332.48), membership fees and the annual surplus are under reconciliation; they are shown as originally published and are not confirmed.

- The original report date differed between the German and English editions; this is now disclosed instead of a single date.

Figures marked as under reconciliation or under review are not confirmed. They will be replaced once the board and the accountant have approved the reconciled figures.

A Message from the Executive Director

Dear members, supporters, and friends of Bantu e.V.,

With great gratitude and joy I look back on our founding year 2019 and our first full year of operations in 2020. Bantu e.V. was founded on 8 August 2019 out of a shared conviction: that people from the diaspora can build bridges between two worlds, and that education, justice and cooperation know no borders.

In this first year it was above all your personal support that carried us. To the founding members, who were there from the beginning, I extend my heartfelt thanks for your trust, your commitment, and your perseverance. Without you, Bantu e.V. would not exist.

Our special thanks go also to all donors who in this founding year made an initial deposit of trust. Every donation, every membership fee was a signal: we believe in this organisation and in what it can achieve.

We are only at the beginning. But we stand well-positioned, with a clear constitution, a committed board, and a vision that will guide us in the years ahead.

With gratitude and anticipation for what is to come

Boaz Murinzi Murema
