PUBLISHED REPORTING ARCHIVE

At a glance

2022 was a breakthrough year: Bantu e.V. launched the second phase of the Ruhaama Community Resource Centre in Uganda (P 22/29; the centre was set up in 2021 in phase 1, P 21/23) while simultaneously responding with extensive domestic work to the urgent situation faced by BIPoC refugees fleeing Ukraine. Total income of EUR 232,375.29 reflects both our own projects and the fiduciary hosting role for Tubman.Network. The annual surplus consists predominantly of designated project fund reserves.

Income and expenditure

Amounts in EUR; bars start at zero. The financial tables in the report give the exact source figures.

Annual surplus: EUR 27,863.62

The annual result includes designated project funds. It is not unrestricted profit.

Correction notice · 12 November 2026

This corrected edition replaces the edition of 10 November 2026. Changes:

- Ruhaama: P 22/29 was the second phase (15.12.2022–14.12.2023); the centre was set up and opened in 2021 in phase 1 (P 21/23). It was not the first overseas project.
- Ubuntu for All: the figure of 1,800 people reached is withdrawn because it is not supported by the project records; the financing exceeds the stated expenditure by €1,375.97 (under reconciliation).
- Ruhaama: financing exceeds the stated project costs by €9.78 (under reconciliation).
- The original report date differed between the English (January 2023) and German (May 2026) editions; this is now disclosed.

Figures marked as under reconciliation or under review are not confirmed. They will be replaced once the board and the accountant have approved the reconciled figures.

A Message from the Executive Director

Dear members, funders, partners, and friends,

2022 was a breakthrough year for Bantu e.V. in both directions: domestic and international.

With the Ubuntu for All project, we worked together with Tubman.Network to respond to a humanitarian emergency: BIPoC refugees from Ukraine needed support that the standard aid system did not provide. Thanks to the generous funding from the Deutsche Stiftung für Engagement und Ehrenamt (DSEE), we were able to support BIPoC refugees from Ukraine directly. I thank the DSEE for their trust in our work, and every single team member who delivered this project with heart and conviction.

With the BECOMING project, in collaboration with foundationClass*collective and the weißensee kunsthochschule berlin, we opened new pathways into art and educational institutions for people with refugee and migration experience. This collaboration with ruangrupa and documenta fifteen was a cultural highlight for us. I thank foundationClass*collective for the joint work and for their trust in Bantu e.V. as a cooperative partner.

And then: the next step in Uganda. In December 2022, together with Anchored Bridges Initiatives (ABI Uganda, formerly Ability Beyond the Iris), we started the second phase of the Ruhaama Community Resource Centre, which had been set up and opened in 2021, made possible by the Stiftung Nord-Süd-Brücken. I thank ABI Uganda, in particular Racheal Kekitinwa and the entire ABI team in Ruhaama, for their partnership, their knowledge, and their dedication on the ground. And to the Stiftung Nord-Süd-Brücken I extend my thanks for the funding that turned this dream into reality.

With pride in what has been achieved and gratitude to all who contributed
