PUBLISHED REPORTING ARCHIVE

At a glance

2023 was the most productive year in Bantu e.V.'s history: three overseas projects and five domestic projects ran in parallel. The annual totals originally published for 2023 (income EUR 309,357.77, expenditure EUR 165,921.42, result EUR 143,436.35) are being reconciled with corrected bookkeeping records and are not confirmed. The earlier explanation that the income came mainly from BMZ funds for the Teams up! project and that the surplus consisted mainly of unspent BMZ funds has been withdrawn: the BMZ grant for that project was EUR 51,023.57.

Income and expenditure

Amounts in EUR as originally published; bars start at zero. Income and result are under reconciliation (see correction notice).

Annual result as originally published (under reconciliation): EUR 143,436.35

The composition of the result, including any designated project funds, is being reconciled.

Correction notice · 12 November 2026

This corrected edition replaces the edition of 10 November 2026. Changes:

- The 2023 annual totals are under reconciliation with corrected bookkeeping records and are not confirmed.
- The breakdown of income by source (approx. 82% BMZ) and the explanation of the surplus as unspent BMZ funds were withdrawn; the BMZ grant for Teams up! was EUR 51,023.57.
- Ruhaama: 225 people took part in ICT courses and 175 received certificates (previously: 225 certificates). Target: 200 participants.
- Mama Circle: funding period extended to 31.07.2024; the EUR 90,000 grant is shown with its financial-plan basis and is being verified; actual total costs added.
- ParentCircle: the funder differed between the German and English editions and is now marked as being verified.
- P 23/91: 172 children with cerebral palsy *and other disabilities*, used consistently.
- Tubman Network: its registration in January 2024 did not end Bantu e.V.'s responsibility for projects already awarded.

Figures marked as under reconciliation or under review are not confirmed. They will be replaced once the board and the accountant have approved the reconciled figures.

A Message from the Executive Director

Dear members, funders, partners, and friends of Bantu e.V.,

2023 — this word will always resonate in the history of Bantu e.V. It was our most active, most impactful, and most moving year to date.

I thank the Stiftung Nord-Süd-Brücken from the bottom of my heart for funding two projects in Uganda: P 22/29 (completion) and P 23/91. 225 people took part in ICT courses, and 175 of them received certificates that can change their lives. 172 children with cerebral palsy and other disabilities received medical and therapeutic support. These numbers represent real people, real families, and real change.

I thank the Robert Bosch Foundation for funding the Mama Circle project, which gave refugee mothers in Berlin a network of support and dignity. To the entire Mama Circle team — Melkam Thoma, Laone Manyeula, Siga Mbaraga, N'zinga van Dunen Santiago, Daniel Wamara, Stephen Muthusi Katembu, and all others — I extend my deepest respect.

I thank the Federal Ministry for Economic Cooperation and Development (BMZ) and Engagement Global for the trust they placed in us when they funded the Teams-up! project 'Okushoma kwa Boona'. This youth exchange brought together 12 young people from Germany and Uganda and is one of the most significant steps Bantu e.V. has ever taken.

I thank the Berlin-Mitte District Office for supporting the FashionEmpowerment project and the Integration Fund. And ABI Uganda — Racheal, Seith, Babra, Henry, and everyone else — thank you for your tireless work and your friendship.

In gratitude for a year, we will never forget

Boaz Murinzi Murema

Introduction

2023 was the most productive year in Bantu e.V.'s history: three overseas projects and five domestic projects ran in parallel. The annual totals originally published for 2023 (income EUR 309,357.77, expenditure EUR 165,921.42, result EUR 143,436.35) are being reconciled with corrected bookkeeping records and are not confirmed. The earlier explanation that the income came mainly from BMZ funds for the Teams up! project and that the surplus consisted mainly of unspent BMZ funds has been withdrawn: the BMZ grant for that project was EUR 51,023.57.

Financial Overview 2023

Summary

Item	Amount
Total income	EUR 309,357.77
Total expenditure	EUR 165,921.42
Annual result (as originally published; under reconciliation)	EUR 143,436.35

Under reconciliation (status 12.11.2026): These totals match an earlier unsigned version of the income-expenditure statement. Later corrected bookkeeping records show different totals, and none of the versions has yet been approved by the board and the accountant. The figures above are therefore not confirmed. Internal transfers between the association's accounts are being eliminated in the reconciliation.

Income by source

The breakdown by source published in the earlier edition (approx. 82% BMZ / Engagement Global, 4% Stiftung Nord-Süd-Brücken, 14% own funds and other income) has been withdrawn because it does not match the documented grant amounts. A reconciled breakdown by funder, including the funders with a share above 10% of annual income, will be published once the 2023 accounts have been approved.

Outlook 2024

In January 2024, Tubman Network e.V. was registered as an independent association. Bantu e.V. remained the legal grant holder of the projects already awarded to it until each of them ended and was accounted for (Towards Safer Spaces / Mama Circle: until 31.07.2024). From 2024 Bantu e.V. focuses on its own projects: the first Uganda exchange under the SDG4 project (Feb./Mar. 2024) and the launch of P 24/200 (Msingi School BTVET, Dec. 2024).
